REPORT OF INDEPENDENT AUDITORS TO THE MANAGEMENT OF TRANSPARENCY INTERNATIONAL CAMBODIA

We have audited the accompanying Statement of Fund Receipts and Disbursements ("the financial statement") and a summary of significant accounting policies and other explanatory notes of Transparency International Cambodia ("the Organisation" or "TIC") for the year ended 30 September 2014.

Board of Management's responsibility for the financial statement

The Organisation's board of management is responsible for the preparation and fair presentation of this financial statement in accordance with the cash receipts and disbursements basis of accounting and for such internal control as the board of management determines is necessary to enable the preparation of financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with Cambodian International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the financial statement is free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

As stated in note 2, the financial statement was prepared in accordance with the cash receipts and disbursements basis of accounting modified to include certain receivables and payables, which is a comprehensive basis of accounting other than the Cambodian International Financial Reporting Standards.

NOTES TO THE STATEMENT OF FUND RECEIPTS AND DISBURSEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2014

1. Background

Transparency International is the global civil society organization leading the fight against corruption. It brings people together in a powerful worldwide coalition to end the devastating impact of corruption on men, women, and children around the world. TI's mission is to create change towards a world free of corruption.

Transparency International Cambodia (TI Cambodia) was founded in July 5, 2010 and was officially registered with the Royal Government of Cambodia in July 2011. It is a National Chapter of Transparency International. The mission of TI Cambodia is to work together with individuals and institutions at all levels to promote integrity and reduce corruption in Cambodia.

Transparency International Cambodia's strategic activities are in line with the United Nations Convention against Corruption (UNCAC)'s core chapters on preventive measures, law enforcement, international cooperation and implementing mechanism to promote and strengthen measures to prevent and combat corruption and to promote integrity and social accountability.

TI Cambodia's strategic activities are also complementary to the efforts and commitments being made by the Anti-Corruption Unit (ACU) of the Royal Government of Cambodia set forth in the Anti-Corruption Strategic Foundation which requires a three-headed arrow to promote and fight corruption in Cambodia namely (1) public education, (2) prevention, and (3) enforcement of anti-corruption law.

TI Cambodia receives core funding for the main strategic program from the Swedish International Development Cooperation Agency (SIDA) and Department of Foreign Affairs and Trade (DFAT) for the period of April 2012 - September 2015. In addition, TI Cambodia also receives specific short projects funds from TI-Secretariat (TI-S) and other donors.

2. Significant accounting policies

2.1 Basis of preparation

The statement of fund receipts and disbursements is prepared in United States Dollar (USD) in accordance with the cash receipts and disbursements basis of accounting modified to include the recognition of certain receivables and payables. This is a comprehensive basis of accounting which does not produce financial statements which are compatible with Cambodian International Financial Reporting Standards. Under the cash basis of accounting, grants and revenue are recognised when received rather than when earned and expenses are recognised when paid rather than when incurred.

2.2 Non-expendable items

All non-expendable assets are expended upon acquisition. This treatment is in accordance with the cash basis of accounting.

2. Significant accounting policies (continued)

2.3 Foreign currency transactions

The statement of fund receipts and disbursements is expressed in United States Dollar (USD). Transactions not transacted in USD are converted to USD at the rate of exchange ruling at the transaction dates. Exchange differences are dealt with through the statement of fund receipts and disbursements.
